COMPETITION CHANGES

As always, a number of changes have been implemented to keep up with the ever-changing environment within collegiate esports. Below are a few of the major changes that have been implemented through the NJCAAE Committees and National Office.

Round Robin Check-in Requirement:

No longer twenty-four (24) hours in advance.

No-shows:

One verified No-show in Tier 1 and Tier 2 competitions may lead to complete removal from the competition, and possibly further sanctions.

Tier 1 - Team Limitations:

Game titles with only two (2) players on a team are no longer limited to one (1) team for the Tier 1 - Premier Series. This means you can field as many teams as you'd like for Tier 1 competition for these game titles. Our suggestion is that each team you field in Tier 1 competition have at least one person filling a sub slot.

ARTICLE: RECRUITMENT FOR YOU

This summer, the NJCAA announced that NJCAA Member Institutions who have paid their annual membership dues will have access to the [LOS PORTAL](#) for recruitment! The LOS Portal is designed to bridge the gap between high school students and higher education opportunities, including collegiate esports programs. Using [LOS PORTAL](#) will put NJCAA Member Institutions in front of 20,000+ student prospects and give them introductory access to these prospects.

Access to this platform is the first step in many initiatives focused on helping institution's stabilize and grow their collegiate esports programs coming from the NJCAA. Read more about our upcoming initiatives related to program development on [page 9](#)!

You can find more information on how to join the LOS Portal [HERE](#).

PROGRAM DEVELOPMENT

The NJCAAE is excited to announce that it is the first and only association taking active steps to promote its member institution's esports program success! In an effort to assist in stabilization of member institution's esports program development, the NJCAAE is taking steps to create professional development courses and materials that paid members will have access to.

[1. Introduction to Recruitment](#)

Successful recruiting efforts will lead to a program that not only positively impacts the institution as a whole, but the individuals who participate in any level of the esports program.

NJCAA ESPORTS

In 2019 the National Junior College Athletic Association formed NJCAA Esports to better serve their existing community of member institutions who wanted a competitive association focused on their unique needs and the groups they serve. To date, NJCAA Esports serves over 6,000 students and is working with over 230 institutions.

With a focus on breaking down barriers to entry for member colleges and their students, we have created the only association capable of thoroughly meeting the needs of 2-year and community colleges. The NJCAA Esports offers many program solutions through the association and our partners. These offerings range from program development, competition, media, broadcasting, gearing solutions, and much more!
