2025 - 2026 PREPARATIONS!

Have you filled your teams for the Fall 2025 - Spring 2026 year of activity?

There's still time!

While most recruiting for collegiate esports teams happens starting in early fall, the spring semester offers you plenty of time to fill vacant roster slots for the next year of activity.

More than competition

Even with esports programs being founded through competitive teams, there are many opportunities to expand your recruiting through extended program roles!

NJCAA ESPORTS

In 2019 the National Junior College Athletic Association formed NJCAA Esports to better serve their existing community of member institutions who wanted a competitive association focused on their unique needs and the groups they serve. To date, NJCAA Esports serves over 6,000 students and is working with over 230 institutions.

With a focus on breaking down barriers to entry for member colleges and their students, we have created the only association capable of thoroughly meeting the needs of 2-year and community colleges. The NJCAA Esports offers many program solutions through the association and our partners. These offerings range from program development, competition, media, broadcasting, gearing solutions, and much more!
